PROFILE SUMMARY

Aspiring Full-Stack Developer with hands-on experience in building web applications using Java, SQL, and JavaScript. Familiar with REST API development and backend fundamentals using Spring Boot, with a strong focus on problem-solving and continuous learning.

EDUCATION

BTECH(Computer Science & Engineering) , Mohan Babu University	2023 – 2027
• CGPA-9.44	Tirupati, India
BIE-AP(MPC) , Narayana Junior College	2021 – 2023
• Percentage-96%	Vijayawada, India
BSE-AP , K.T.R Techno School	2021
• Percentage-100%	Kanigiri, India

PROJECTS

Graceglow eCommerce Platform | Full-Stack Developer

- Building a full-stack eCommerce application using Spring Boot, SQL, HTML, CSS, and JavaScript
- Implemented RESTful APIs with JWT-based authentication for secure user management
- Implemented product catalog with search, filtering, and efficient database integration using JPA/Hibernate
- Designed responsive frontend with dynamic UI and seamless frontend–backend integration
- Followed layered architecture (Controller–Service–Repository) for backend development
- Developing cart and order workflow to enable complete end-to-end purchasing system

Weather Dashboard Web Application

- Developed a responsive Weather Application using HTML, CSS, and JavaScript to display real-time weather information.
- Integrated Weather API (REST API) to fetch live data such as temperature, humidity, wind speed, and weather conditions.
- Implemented dynamic DOM manipulation to update weather details based on user input.
- Added search functionality to allow users to check weather by city name.
- Optimized the application for cross-browser compatibility and mobile responsiveness.
- Improved user experience with icons, animations, and real-time updates.

SKILLS

Programming Languages Java, SQL	Frontend Development HTML, CSS, JavaScript
Database Management MySQL, JDBC	Tools & Technologies Git, GitHub, IntelliJ, VS Code
Core Concepts Object Oriented Programming(OOP), Data Structures and Algorithms(DSA)	Soft Skills Problem Solving, Communication, Team Work, Adaptability
Backend Development Spring Boot (Basics), REST APIs	

INTERNSHIPS

Front End Web Development Intern , Edunet Foundation (in collaboration with AICTE & IBM SkillsBuild)	08/2025 – 09/2025
• Completed a 6-week internship in Front End Web Development under Edunet Foundation, in collaboration with AICTE. • Gained hands-on experience in HTML5, CSS3, and JavaScript for building responsive and interactive web applications. • Developed frontend projects including a Weather Application using real-time API integration. • Learned UI design principles, responsive layouts, and DOM manipulation. • Worked with modern web development practices and improved problem-solving and debugging skills. • Demonstrated active participation, consistency, and engagement throughout the internship	

CERTIFICATIONS

IBM cognitive Class-SQL & Relational Databases Database design, normalization, optimized SQL queries.	Infosys Spring Board-Data Structures and Algorithms Using Java Real-world tasks in API development and data. Strengthened Java problem solving.	Coursera-Meta Front-End Developer Certification Hands-on experience in HTML, CSS, JavaScript, responsive web design, and Git/GitHub.
